

OVERCHURCH INFANT SCHOOL

PE & SPORT PREMIUM FUNDING REPORT 2019-20

VISION:

ALL pupils leaving primary school physically literate and with the knowledge, skills and motivation necessary to equip them for **healthy, active** lifestyles and lifelong participation in physical activity and sport.

OBJECTIVE:

To achieve self-sustaining improvement in the quality of PE and sport against 5 key indicators:

- The Profile of PE and sport being raised
- Engagement of all pupils in regular physical activity, kick-starting healthy, active lifestyles
- Access to competitive opportunities
- Increased confidence, knowledge and skills of all staff in teaching PE and sport
- Broader Experience of a range of sports and activities offered to all pupils

At Overchurch Infant School we believe that developing healthy habits and an active lifestyle are essential to the physical health and the mental wellbeing of our children. Sporting excellence and participation in physical exercise go hand in hand with academic standards.

A range of activities are delivered in school which aim to engage and inspire all children. Premier Sport provide specialist sport provision throughout the school as well a broad range of extra-curricular activities. During the year, each child will participate in games, athletics, dance and gymnastics lessons. Please refer to *Our Curriculum* section of the website for more details of PE lessons taught.

In order to encourage the children to develop the habit of participating in regular physical activity we facilitate the Golden Mile. Children can complete a daily brisk walk, jog or run at lunchtime as part of the playtime initiative. Children gradually build up their own distance and fitness levels are monitored termly.

In the summer term we also hold our annual Sports Day in which we encourage participation of all children and organise inclusive activities for all children as well as competitive races for our more sporting youngsters.

The school provides a wide range of extra-curricular clubs for children throughout the year. We ensure that clubs are designed to appeal to a range of children by offering a wide selection of different sports including: mini-Olympics, football, gymnastics and multisports.

Primary school experiences are crucial to the children's future perception of physical activity and we believe that children leave our school equipped to enjoy sport for all its health and social benefits.

For those who relish the competitive element, they gain the skills, confidence and relevant experience to succeed at their chosen level and discipline.

Planned Action	Success Criteria / Impact	Money Allocated	Proposed Impact on Pupils
PE curriculum CPD delivered by Sports professionals to support school staff KS1. Assessment to be completed each half term to inform planning and teaching.	Staff comment on improved confidence to teach specific areas of the PE Curriculum. Observed improvements of lessons.
