

OVERCHURCH INFANT SCHOOL

MATHS LONG TERM PLAN YEAR TWO

SUMMER	SPRING	AUTUMN
Problem solving and efficient methods (+ and -)	Number: multiplication	Number: Place value
Problem solving and efficient methods (+ and -)	Number: multiplication	Number: Place value
Problem solving and efficient methods (x and ÷)	Number: division	Number: Place value
Problem solving and efficient methods	Number: division	Number: addition and subtraction
Position and direction	Geometry: Properties of shape	Number: addition and subtraction
Position and direction	Geometry: Properties of shape	Number: addition and subtraction
Measurement: Time	Geometry: Properties of shape	Number: addition and subtraction
Measurement: Time	Number: fractions	Measurement: Money / addition
Measurement: Mass, capacity, temperature	Number: fractions	Measurement: Money
Statistics	Number: fractions	Measurement: Money / grouping
Investigations	Measurement: length and weight	Number: multiplication
Consolidation	Consolidation Position and direction	Consolidation
